Education

The Graduate Center, City University of New York (CUNY)	New York, NY
Ph.D. in Economics	Expected 2027
Georgia Institute of Technology	Part-time
M.S. in Computer Science (Artificial Intelligence)	Expected 2027
University of Wisconsin–Madison	Madison, WI
M.S. in Business Analytics	2021
University of Wisconsin–Madison	Madison, WI
M.S. in Econometrics and Quantitative Economics	2018
Anhui University	Hefei, China
B.S. in Economics	2016

Research Interests

Financial Economics, Monetary Policy, FinTech, Large Language Models

Professional Experience

Hong Kong Institute for Monetary and Financial Research (HKIMR)	Hong Kong
<i>Incoming PhD Intern</i>	Nov. 2026–Jan. 2027
Inter-American Development Bank	Washington, DC
<i>PhD Graduate Intern</i>	Jan.–Mar. 2026
International Monetary Fund	Washington, DC
<i>PhD Economist Intern – Fiscal Affairs Division</i>	Jun.–Sep. 2025

Job Market Paper

Fedspeak, LLM-Derived Signals, and High-Frequency Trading *Under Review*

This paper examines how Federal Reserve communication shapes financial markets in real time. Using large language models and semantic divergence measures on a comprehensive corpus of FOMC statements, minutes, and press conferences, I construct novel communication shocks that capture shifts in tone, forward guidance, and informational content. High-frequency event studies with tick-level futures data show that these LLM-based shocks generate immediate and economically significant responses in Treasury yields, interest rate futures, fixed-income volatility, and term premia across the yield curve.

HKIMR Research Project

Conference Presentations (*: Scheduled)

AFA Ph.D. Student Poster Session*, Washington, D.C., USA	2027
LACEA–LAMES of the Econometric Society *, Lima, Peru	2026
FMA Annual Meeting*, Tampa, USA	2026
AI in Finance Conference*, Montréal, Canada	2026
Money, Macro and Finance (MMF) Annual Conference, Lancaster, UK	2026
North American Summer Meeting of the Econometric Society (NASM), Atlanta, USA	2026
IAAE Annual Conference, Lisbon, Portugal	2026
Spring Midwest Macroeconomics Meeting, Milwaukee, USA	2026
AASF AIX Summit East, PhD Poster Presentation, New York, USA	2026
Early Research Initiative Conference, CUNY Graduate Center, New York, USA	2026
Research Presentation, Inter-American Development Bank, Washington, DC, USA	2026
Research Presentation, International Monetary Fund, Washington, DC, USA	2025

Teaching Experience

Business Statistics — <i>Adjunct Instructor</i>	2023–2025
Baruch College, City University of New York	
Machine Learning for Trading — <i>Teaching Assistant</i>	2024–2025
Georgia Institute of Technology	
Introduction to Macroeconomics — <i>Adjunct Instructor</i>	2022–2023
Baruch College, City University of New York	
Principles of Macroeconomics — <i>Teaching Assistant</i>	2022–2023
The City College of New York, CUNY	

Professional Service

Referee for: *Computational Economics* (2026)

Session Chair: North American Summer Meeting of the Econometric Society (NASM), 2026

Skills

Programming: Python, R/Shiny, SQL, Stata, $\text{\LaTeX}$

Tools: AWS, Databricks, PyTorch, Hugging Face, Git, Bloomberg, Tableau

Languages: English (fluent), Mandarin Chinese (native), Spanish (intermediate)

Scholarships and Awards

CUNY Graduate Center Dissertation Year Fellowship	2026–2027
NABE Scholar	2026–2027
Provost’s Pre-Dissertation Summer Research Fellowship	2026
Graduate Center Doctoral Student Research Grant	2025
Latino Data Project Fellowship, IPUMS USA	2024–2025
Sallie Mae Awards, CUNY Graduate Center	2023
Economics Master’s Program Research Scholarship, UW-Madison	2017
